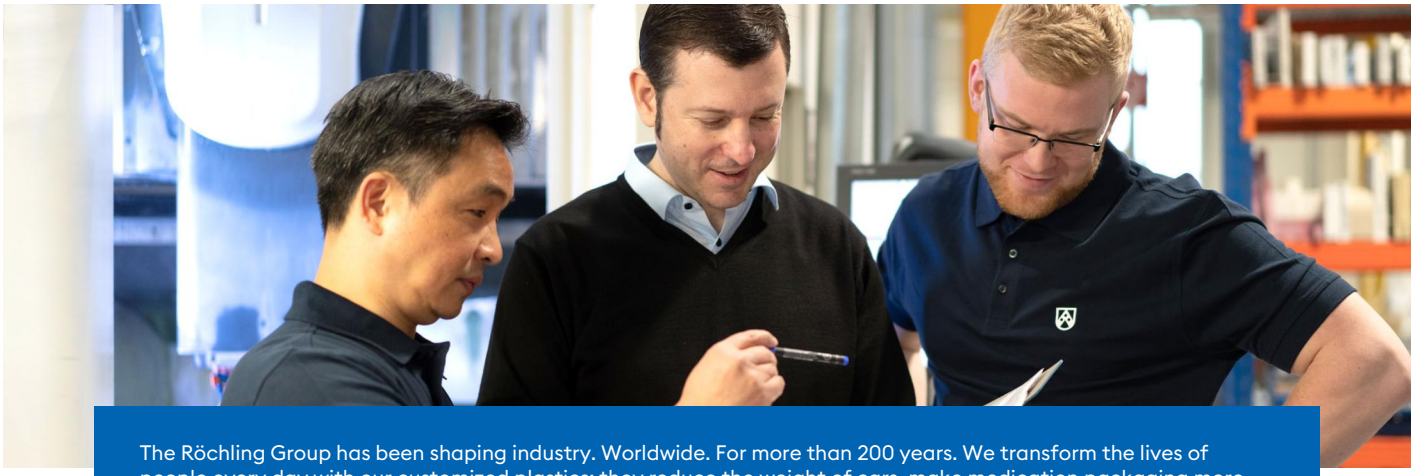
Röchling

Industrial



The Röchling Group has been shaping industry. Worldwide. For more than 200 years. We transform the lives of people every day with our customized plastics: they reduce the weight of cars, make medication packaging more secure and improve industrial applications. Our workforce of 11.681 people is located in the places where our customers are – in 83 locations in 25 countries.

In the Industrial division, you will support customers with exceptional know-how in the plastics segment. Our plastics are used in almost every industry worldwide. And yet: Every industry has its own requirements for materials.

Location Dallas, NC

Maintenance Technician

Where we need you

We are seeking a highly skilled Maintenance Technician II with experience in an industrial setting. The ideal candidate will have a strong background in mechanical work, precision measuring instruments, and the ability to maintain, analyze, and repair complex industrial machinery.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Read and troubleshoot from schematics, blueprints, manuals, and computers on all aspects of electronics, and test pneumatic instrumentation used in production.
- Completing preventive and corrective maintenance requirements
- Adjusting and calibrating machinery to improve productivity
- Determines changes in dimensional requirements of parts by inspecting used parts, using rules, calipers, micrometers, and other measuring instruments.
- Diagnose trouble from a predictive standpoint, and perform all mechanical operations necessary to modify, repair, overhaul, and rebuild all types of different and difficult machine parts and building fixtures.
- Ability to use machine tools, plant machinery and equipment, fixtures, process and special equipment involving layout and development, and bench.
- Use the lockout/tag out procedure properly and aid in operations in any problems they encounter with the system.
- Start up new and or repaired equipment and assures proper operation.

SCHEDULE: This is a night shift position typically working from 6pm - 6am on a 2-2-3 schedule
