

The Röchling Group has been shaping industry. Worldwide. For more than 200 years. We transform the lives of people every day with our customized plastics: they reduce the weight of cars, make medication packaging more secure and improve industrial applications. Our workforce of 11,737 people is located in the places where our customers are – in 92 locations in 25 countries.

Röchling Medical is a preferred supplier and development partner to leading pharmaceutical, biotech and medical technology companies worldwide. At six locations in Germany, USA and China, we develop and manufacture tailor-made pharmaceutical packaging and administration solutions, consumables for medical diagnostics as well as sophisticated components and assemblies for medical devices under clean room conditions.

Since its founding in 1997, Röchling Medical Lancaster has focused on establishing itself as a vertically integrated contract manufacturer for the medical device industry. By integrating metal and plastic processing technologies in a state-of-the-art production environment, Röchling Medical Lancaster is able to make its customers' supply chains more efficient and produce medical devices in a cost-optimized manner.

## Röchling Medical Lancaster is looking to fill an open position in our Facilities & Maintenance Department
