Röchling

Automotive

The Röchling Group has been shaping industry. Worldwide. For more than 200 years. We transform the lives of people every day with our customized plastics: they reduce the weight of cars, make medication packaging more secure and improve industrial applications. Our workforce of 11.681 people is located in the places where our customers are – in 83 locations in 25 countries.

In the Automotive division, you will shape the mobility of tomorrow. System solutions in the areas of Battery Solutions, Structural Lightweight, Aerodynamics and Propulsion. This means: We protect the environment while also improving the driving experience of millions of vehicles.

Products for lower fuel consumption and increased comfort

Röchling Automotive, with more than 4,700 employees, is your partner for integrated system solutions in the areas of aerodynamics, powertrain and new mobility. With 39 locations on 4 continents, we are positioned globally. Our engineers, located in 4 engineering centers globally, are working with almost all vehicle manufacturers solving the challenges of the automotive industry to reduce emissions, weight and fuel consumption.

Aerodynamics

Through the reduction of driving resistances Aerodynamics helps to reduce CO2 emissions and energy consumption. Our lightweight underbody panels and active grille shutters systems set industry benchmarks.

Powertrain

The surrounding systems of the engine also play a role in further reducing emissions. Air intake systems, water systems and exhaust after treatment using SCR tank systems are innovations of Röchling Automotive which stand for greater efficiency.

New Mobility

New automotive energy sources such as battery systems and fuel cells drive the automotive industry and Röchling ahead. Our new mobility solutions can currently be found in vehicles from various manufacturers. We are focused on new concepts such as inductive charging systems, while also vigorously researching lightweight solutions.

We connect and combine competences to provide full service at the highest quality, locally and globally, for our customers, true to our motto "Boost your efficiency".

Ready for Your Next Career Move?

The best careers don't just happen, they're built through opportunity, innovation, and a team that supports your growth every step of the way.

At Röchling Automotive, we're shaping the future of mobility by developing innovative solutions for some of the world's leading automotive manufacturers. Our success is driven by talented people who are passionate about making an impact, solving challenges, and
